***“Creation on Film”***

**Tonight's movie is *Frankenstein*.**

This iconic horror film follows the obsessed scientist Dr. Henry Frankenstein as he attempts to create life by assembling a creature from body parts of the deceased. Aided by his loyal misshapen assistant, Fritz, Frankenstein succeeds in animating his monster, but, confused and traumatized, it escapes into the countryside and begins to wreak havoc. Frankenstein searches for the elusive being, and eventually must confront his tormented creation.

**As always, popcorn, soda and movie candy will be available, as well as craft beer (for those of age).**
